

HOW PRICING WORKS

I quote per project to give you an accurate number up front. Here's what factors into the rate:

Production Labor Rate

Location Sound and Event Sound labor is \$900 for a 10-hour day on-site, with one meal break included within the 10 hours.

Equipment Needs

Every shoot and every event is unique. After a quick discussion of your project I'll be able to quote your custom kit price.

Duration

After 10 hours on site overtime applies in quarter-hour segments at \$135 per full hour.

Travel

No travel charges for most of New Jersey and the NYC metro area. Locations beyond a 75 mile radius from Central NJ incur mileage charges in excess of 75 miles and clock starts upon departure to location, stopping at end of return trip. Travel-only days negotiable. Parking billed as pass through cost.

WHAT'S AVAILABLE

- Professional sound mixer (me)
- Sound Devices 633, Zoom F6/F8 or JoeCo 24-track recorder
- Wisycom, Lectrosonics & Sennheiser wireless (up to 16 channels)

- Co-ord free Rode 2.4 Ghz wireless lavs and hand mics
- Shure automixers for up to 40 mics
- Zaxcom Stereo Digital Bag-To-Camera hops
- Mackie 24 channel sound console
- Neumann TLM103 voice over mic
- Denecke smart TC slate

EVENT SOUND & PA

Event sound and PA system pricing is quoted per project based on venue size, guest count, microphone needs, and duration. A typical package for a 100-person corporate event or ceremony includes:

- Powered speakers sized for the venue
- Wireless microphones (handheld, lavalier, or podium)
- Digital mixing console
- Music playback system
- Setup, sound check, live mix, and teardown
- On-site operator for the entire event

For events requiring additional speakers, subwoofers, or specialty microphones, I'll include those in the quote.

SERVICE AREA

NO TRAVEL FEE

Most of New Jersey & NYC metro

EXTENDED

Philadelphia, Connecticut, Upstate NY

RESPONSE TIME

Same-day & next-day available
